CAREER OBJECTIVE

Motivated and detail-oriented Civil & GIS Engineer with hands-on experience in construction supervision, AutoCAD drafting, SketchUp modeling, GIS mapping, and data analysis. Adept at handling field and in-house data, creating digital designs, and ensuring project execution within deadlines. Seeking an opportunity to apply technical and analytical expertise in a dynamic engineering environment.

WORK EXPERIENCE

Junior Engineer (Industrial Training) | 2023 June – 2023 December

THREDZ IT Engineering Acadmey

- Supervised construction site activities to ensure work progress aligned with project plan and deadlines.
- Coordinated with field teams to track and report work status.
- Gained practical knowledge of construction workflows and site management.

GIS Engineer | 2025 February – 2025 September

GeoVista Technologies Private Limited

- Worked with AutoCAD and QGIS software for GIS-based project tasks.
- Supported mapping, designing, and data integration processes.

Data Analyst (PMU Department) | 2025 June – 2025 September

GeoVista Technologies Private Limited

- Managed in-house and fieldwork data using Excel and Google Sheets.
- Handled GIS-related tasks and integrated spatial data into reports.
- Ensured data accuracy and timely reporting for project management.

EDUCATION

NAME OF DEGREE: POLYTECHNIC (3 YEARS DIPLOMA)

MAJOR: CIVIL ENGINEERING

DURATION: 3 YEARS

TEEGALA KRISHNA REDDY ENGINEERING COLLEGE

SCHOOL: SHAHS MEMORIAL HIGH SCHOOL

BOARD OF SECONDARY

[2021] 9.2 OF 10

AUTOCAD CERTIFICATE

DURATION: 40 DAYS

LANGUAGE

English

Hindi

Telugu

TALENT

- Ability to provide administrative support.
 - Timesheet arrangements.
 - Performing billing and book keeping task.
 - Ability to maintain excellent relationship with clients.
 - Follow up on the project as per defined project.
 - Can educate customers about products and services.
 - Excellent communication skills.
 - Problem solving skills.
-

SKILLS

Software: AutoCAD, QGIS, Sketch Up, Blender, Unity, MS Office

Data Tools: MS Excel, Google Sheets, Data Management

GIS & Mapping: Spatial Data Analysis, Map Digitization, Land Use Mapping

Other: Construction Supervision, Project Monitoring, Report Preparation

Typing Speed: 40+ WPS

INTERESTS

Creating 2D and 3D building models in SketchUp and AutoCAD

Repairing gadgets
